

## **AXIS V5915 PTZ Network Camera**

Live streaming with high-quality audio and HDTV 1080p

AXIS V5915 offers HDTV 1080p resolution with smooth pan/tilt/zoom, high quality audio streaming in stereo, and powerful 30x zoom. It can stream and webcast audio and video in a variety of applications, such as Microsoft Lync and Skype. The open interface makes it easy to integrate with other systems. AXIS Streaming Assistant enables easy setup of peer-to-peer video conference systems and live production to a larger audience. Audio connectors meet most requirements for professional audio processing, enabling connection of high-quality microphones and speakers, and SDI connectors allow integration into other live production systems. AXIS V5915 can also be connected to a monitor through HDMI.
