

Model 38-7X-WA Model 107X Retrofit Door- Low-profile ABS dome

Category: Retrofit Doors for Oberon Enclosures

This locking retrofit door is designed to provide a convenient way to mount and secure most vendors APs in model 1075, 1076, 1077, and 1078 Series AP enclosures. Simply unlock door and remove three nuts from hinge to replace door. Impact resistant, white ABS plastic dome UL classified and virtually transparent to wireless signals. Simplify equipment replacement without lifting ceiling tiles.
