

Model 33-HLA-COVER

Indoor Cisco HLA Antenna/AP Vanity Cover-Black ABS

Category: AP Vanity Covers

Oberon's 33-HLA-COVER customizes the appearance of the popular Cisco Hyper Location Antenna (HLA) and APs. The vanity cover is made from a wireless signal transparent plastic, and can be attached directly to the Cisco enterprise APs. The 33-HLA-COVER is paintable so you can customize the color of the antenna and AP to partially conceal the AP or compliment interior color schemes. Coloring the vanity cover does not void the manufacturer's warranty. Includes cover fasteners.
