

Model 33-MR-COVER

Indoor Meraki AP Vanity Cover- Black ABS

Category: AP Vanity Covers

Oberon's 33-MR-COVER customizes the appearance of the popular Meraki wireless access points. The vanity cover is made from a wireless signal transparent plastic, and can be attached directly to the Meraki enterprise wireless access points. The 33-MR-COVER is paintable so you can customize the color of the access point to partially conceal the access point or compliment interior color schemes. Coloring the vanity cover does not void the manufacturer's warranty. Includes cover fasteners.
