2GIG®

GC2 Security & Home Automation Platform
Model #: 2GIG-CP21-345

FULL VOICE RESPONSE
The panel gives clear notifications that indicate system status, zone descriptions, alarms, and emergencies.

DATE, TIME & WEATHER DISPLAY*
With a touch, scroll through the date, time, and daily weather forecast. Has the ability to receive messages, including severe weather warnings.

QUICK ACCESS
The one touch access buttons allow the quickest help possible in an emergency. The panel's LED lit buttons indicate the system's status.

USER FRIENDLY LCD TOUCH SCREEN
The easy-to-use color touch screen puts a wide range of security and home automation controls at your fingertips.

MULTIPLE ARMING OPTIONS
Secure your home by arming your system "AWAY" or "STAY." The Quick Arm/Exit and Bypass features offer added convenience.

HOME AUTOMATION
The built in Z-Wave radio makes it easy to add home automation conveniences including HVAC, appliance, lighting, and door/lock control.

TWO-WAY RESPONSE OVER CELLULAR*
Two-way voice lets central station operators listen in and talk to you when a signal is received, ensuring that the proper emergency response personnel will be dispatched if necessary.

CONVENIENCE
The fully self-contained panel contains a backup battery, and allows 64 user codes to monitor up to 60 wireless zones plus 2 wired zones.

OVER-THE-AIR UPDATES*
There's no need to worry about the panel's software becoming outdated. With our Over-the-Air (OTA)function, the panel can be remotely updated with the latest software.
REMOTE CONTROL OPTIONS*
Always be in control by remotely managing your system from a computer or web-enabled smart phone.

*Requires an active account with a compatible back-end service provider
