STI WIDEBODY KEYPAD PROTECTOR

STI-6560

PRODUCT OVERVIEW

Here is a super tough protective cover to increase the life and reliability of larger digital keypads, access controls, alarms, volume or lighting controls and similar devices by protecting them from accidental or intentional damage, as well as severe environments, dirt and grime when optional gaskets are installed. Three models are offered: with a key lock, thumb lock or without lock. Each comes in either clear or smoked. Installation is simple with anchors and screws provided.

BACKED BY A THREE YEAR GUARANTEE

As all STI protective covers, Widebody is backed by a three year guarantee against breakage in normal use. It is molded of thick, super tough polycarbonate material.

KEY FEATURES

General Information

- Protection against physical damage, grime and harsh environments inside and out.
- Three year guarantee against breakage of polycarbonate in normal use.

Construction

- Molded of thick, super tough polycarbonate material.

Installation
