

IH528 Surface-Mount Single-Gang Plastic Back Box IL842 Specification Sheet

Tek-CARE®500 Wireless Nurse Call System • Rev. 5 - 11/2016

Description

The IH528 Surface-Mount Single-Gang Plastic Back Box is for use with the Tek-CARE®500 Wireless Nurse Call System. The back box is used to surface mount the SF529ES and SF529UL Check-In/Assistance Stations, and the SF531ES and SF531UL Emergency Switches.

The IH528 is constructed of durable ABS plastic to coordinate with the emergency switches, and does not interfere with wireless transmission signals. The back box includes mounting holes on the back for attachment to the wall.

IH528 Surface-Mount Single-Gang Plastic Back Box

TekTone® has designed Tek-CARE®500 to work as a system. Its Tek-BRIDGE® Server has been carefully designed and matched to work with Tek-CARE500 wireless and wired peripherals. TekTone will not warrant or support components of Tek-CARE500 that are purchased separately unless the components are add-ons to previously sold systems. TekTone will also not warrant or support a system that is a mix of TekTone and Non-TekTone parts, unless prior permission has been obtained. A site survey must be performed and submitted before ordering a Tek-CARE500 system. In order to track our systems and to inform facilities of software upgrades, full site information (site name, address and phone number) will be required when ordering. Site information and Tek-BRIDGE Server warranty numbers will also be required when requesting technical support.
