	Product Description	The GST modular patch panel family is designed to accept HellermannTyton GST Series UTP modular jacks. These modular panels and accessories can be mounted to any standard EIA 19" rack, cabinet or wall mount patch panel bracket. HellermannTyton pre-numbered modular patch panels are available in 24, 48 and 72 port configurations. Available in a flat and angled versions.
	Technical Description	The Angled Modular Keystone panel is manufactured from 1.6mm powder coated mild steel making it rigid and robust. The panel has a matt black powder coated finish and is screen printed with port numbers 1 to 72 as well as clear port identification labelling areas for easy user identification. Each U also has a central labelling field for panel identification.
