

Fluke TLK287 Electronics Master Test Lead Set

Overview:

Fluke TLK287 Electronics Master Test Lead Set is ideal for electronic test and design. The set includes precision electronic probes with multiple spring-loaded sharp tips to maximize contact with SMD test points. Micro-grabbers and leads enable fine SMD testing. Mini-alligator clips, grabbers and probes for virtually every electronics need. And modular test leads and lead-probe combinations for versatility and couplers for long lead applications.
