- Owner's manual

### Description

The SEC4K Keyed Laptop Security Lock helps prevent thieves from walking off with your valuable computer when your back is turned. Quick, easy security for laptops and docking stations with a built-in security slot, the four-foot cable attaches tightly to a table, desk or other fixed structure. Coated with protective PVC to deter theft, the cable resists cuts and tampering. The top-security lock is engineered using nickel-plated zinc alloy and connects to your device's security slot. Two keys are included to ensure you always have a spare. Essential for the office, classroom or anywhere else you need to maintain the utmost safety of your private information.

### Features

#### Secures Your Computer in Office, Classroom and Other High-Traffic Locations

- Compatible with security slots in almost all laptops and docking stations
- Theft-deterrent 4 ft. cable resists cuts and tampering
- Top-security lock built using nickel-plated zinc alloy
- Attaches firmly to table, desk or other fixed structure
- Cable coated in protective PVC
- Includes 2 keys
