

ABRANET

The multifunctional and classic Abranet is especially developed for sanding putty, primers, lacquers, composite materials and a wide range of other materials for industrial use. Abranet combines high performance and a longer lifespan than traditional abrasives, making it a cost-effective solution. Designed for dry sanding by machine or by hand, its true dust-free sanding characteristics result in a cleaner work environment, as well as a better surface finish.

Available As

Sheets

Discs

Rolls

Strips

Technical Specifications

Grain	Aluminium oxide
Color	Brownish
Backing	PA net
Bonding	Resin over resin
Grit range	P80-P180, P240, P320-P1000
Coating	Closed

Suited For

Automotive Refinishing

Paint & Decoration

Wood Processing

Metal Processing

Composite Processing

Do-It-Yourself

Marine Industry

Vehicle Manufacturing

Suitable Materials

Hardwood

MDF / HDF

Mild steel / carbon steel

Non-ferrous metal

Paint stripping / removal

Paint sanding

Lacquers

Plaster / Putty

Plastics

Body filler

Primer

Solid surface

Soft / Resinous wood
