	4036 Mortise Cylinder.	

Bolts and Strikes

 The patented top latching mechanism utilizes a rotating top bolt which deadlatches around the header strike, interlocking the door to the frame. Supplied with standard header strike. The hexagonal, hardened steel bottom bolt is shielded in a cast housing for strength and stability.

Options and Accessories

SILENT ELECTRIFICATION MOTORIZED LATCH RETRACTION

 The SE Motorized Latch Retraction option provides near-silent operation for quiet environments such as hospitals, offices, hotels, and libraries where solenoid-driven devices would be disruptive.

ELECTRIC LATCH RETRACTION

 The LR option uses a solenoid mounted in the pushbar for instantaneous unlocking and locking of the exit device from a remote location or access control device. LR option is not available on rim type exit devices (see EL option).

ALARMED EXIT DEVICE

 This battery-operated option emits a loud (95 decibel) alarm to notify management of unauthorized exit. Available on minimum opening width 36". Cannot be ordered with other exit device options.

REQUEST TO EXIT (REX) - MONITOR / SIGNAL SWITCH

 Mounted in the exit device pushbar on the hinge end, the switch can be used to activate signal light, horn, monitor, or other devices.

CYLINDER DOGGING

 For management control of dogging exit devices for life-safety exit devices only.

ELECTRIC DOGGING

 A holding magnet keeps the pushbar depressed (set manually) and the latch retracted for lower profile exit devices, resulting in less damage and quieter operation.

MATCHING END CAPS

 Matching end caps are available for applications where it is preferable that the end caps match the finish of the exit device. Available for US finishes only.

AVAILABLE FINISHES

- 313 Dark Bronze Anodized
- 335 Black Anodized
- 628 Clear Anodized
- US3 Bright Brass
- US4 Satin Brass
- US32 Bright Stainless
- US32D Satin Stainless

For more detailed information on any of the options and accessories listed above please see the Accessories page of the EXIT DEVICE section of this catalog.
