

## 5' Flexi Magnet Stick

NEW

The HPC **5' Flexi Magnet Stick** is a flexible tool that will wiggle and worm its way into the smallest of areas and attract your misplaced parts with its mighty double-sided magnetic force. At 5 feet (1.5m) long, you will be able to reach the small tools and parts that you thought were lost forever. One side has a small magnet to fit into 8mm openings and the other side has a slightly larger magnet that easily lifts 2 lbs (1kg) and can pull up to 10 lbs (4.5kg).

**5' Flexi Magnet Stick**  
**No. MAG-200**

## Clip & Crank Removal Tool

#1

The **Clip & Crank Removal Tool** easily removes the hard to reach retaining clips without damage. These clips can be found on GM, Ford, Chrysler and various other vehicles.

**Clip & Crank Removal Tool**  
**No. AST-3**

## Clip Removal Tool

#1

The **Clip Removal Tool** is designed to remove door panels without damage. Gaining access to the automobile door lock cylinder requires removal of the door trim pads. Removal without tearing out the nylon retainer clips has always been difficult. The tapered end of this heavy-duty lever-type tool enters between the door and trim pad, gently removing the pad. This greatly reduces the possibility of tearing or damaging the pad and clips.

**Clip Removal Tool**  
**No. AST-4**

## Auto Lock Cap Pliers

#1

The **Auto Lock Cap Pliers** remove auto lock face caps easily in seconds! The specially machined tips grip like a vise. These pliers quickly remove both the factory lock cap using the rolled crimp and the "Tab Style" replacement caps. When used with care, auto caps can be removed with a minimum of distortion, allowing re-use of the removed cap.

**Auto Lock Cap Pliers**  
**No. ALCP-10**
