

# Cylinder Key Blanks **TET**

### *World Class Precision and Quality*

Precision key blanks made of nickel silver have superior physical and mechanical properties with high tensile strength. This type of key blank has a stronger resistance to corrosion and wear, and presents an attractive appearance with its fine silver polish..

Jet's Silver Line meets the accuracy requirements for both master keying and duplication. For the master locksmith who originates new systems or maintains existing systems, using either accurate wheel type cutters or the new punches, all keys will be perfect every time.

The Silver Line key bows are coined, embossed and designed to create the appearance of the originals. They are polished to a fine finish using a special new process. Look for our black, gold and silver key blank box... it's your guarantee of the finest nickel silver key blanks available today.
