

STI WIRELESS RECEIVERS

STI-34108

STI-34098

STI-34188

STI-V34104

PRODUCT OVERVIEW

The receivers allow you to monitor up to 8 different STI wireless alert devices at a single, convenient location. Supervised for low battery and signal reception, they have an audible chime tone or 12 VDC output for siren. The 4-Channel Voice Receiver sounds a tune or a prerecorded programmable voice message. Offers ten tones/tunes or 53 selectable words (English or Spanish) to create a custom message up to four words. The 8-Channel Receiver offers a mirror function that can work with up to four additional 8-Channel Receivers. Devices can be latching or momentary by zone. STI offers multiple wireless products designed to alert you of several different conditions (such as: an open garage door, mail delivered, a car in the driveway, open exit door, removed fire extinguisher or activated push button, etc.).

HOW IT WORKS

The receivers (excludes Single Channel Slave) supervise transmitter battery and signal reception (low battery is indicated with a short beep between 12 and 24 hours of detection).

KEY FEATURES

General Information

- Monitor 4 or 8 devices at a single, convenient location.
- Supervised for low battery and signal reception.

Installation

- Easy installation.

Electronics

- Operates up to 1000' (line of sight), 433MHz.
- Audible chime tone and 12 volt output.
- Devices can be latching or momentary by each zone (STI-V34104 & STI-34108).
- Includes 12 volt power supply.

Options

STI-V34104

- Monitors up to 4 devices.
- Ten tones/tunes or 53 selectable words (English or Spanish).
- Words can be programmed in sets of up to four to create custom message.

STI-34108

- Monitors up to 8 devices with 8 zone LED indicators.
- Mirror function (works with up to 4 additional 8-Channel Receivers).
- Dual antennas for increased signal strength.
- Form "C" contact for remote monitoring.
- 300mA, 12 volt available for siren output (with 500mA, 12 volt supply).
- Measures 5 1/4 x 5 3/4 x 1 1/4".
- Key fob available for alert or on/off.

STI-34098

- Allows transmitters to connect to control panel.
- Measures: 2 1/4 H x 1 1/2 W x 1/2" D.

STI-34188

- 8-Zone Relay Board for STI-34108.
- 8 momentary Form "C" relay contacts rated 3A, 125 VAC, 3A 28VDC.
- Measures: 5 7/8 H x 2 W x 1/2" D.
