

# PROBES

## *Solutions for all your vehicle detection scenarios*

Sure Action probes are devices that monitor the earth's magnetic field within a 3-dimensional space. They are passive devices and emit no energy. **Probe systems will not latch in the presence of metal,** they are momentary devices and, therefore, cannot be used as safety devices.

P8000C

### The **P8000 Directional** Probe System:

- \* Discriminatory to inbound / outbound traffic
- \* Requires 22/4 shielded direct burial wire w/ drain
- \* Splice friendly up to 1 mile
- \* Commonly used when different actions are desired for inbound vs. outbound vehicles **or** when an action is to be taken for vehicle travelling only in one direction.

P8000  
Directional Probe

P500B

### The **P500 Basic** Probe System:

- \* Non-discriminatory to inbound / outbound traffic
- \* Requires any ***P500 series basic probe***
- \* Processor is conformal coated to withstand moisture
- \* Commonly used for gate operation **or** annunciation when wire and probe installation coincide and the box is to be mounted outdoors
- \* Sounder and probe sold separately

P500 Series  
Basic Probe

P5W1

### The **P5W1 Basic** Probe System:

- \* Non-discriminatory to inbound / outbound traffic
- \* Requires any ***P500 series basic probe***
- \* White ABS enclosure
- \* Commonly used for gate operation **or** annunciation when wire and probe installation coincide and the box is to be mounted indoors
- \* Sounder and probe sold separately

WP5C

### The **WP5 Low Power** Probe System:

- \* Non-discriminatory to inbound / outbound traffic
- \* 9-Volt battery operated
- \* Outdoor components are conformal coated to withstand moisture
- \* Commonly used when trenching wire is impractical or undesirable
- \* ***WP5B*** - Pkg. w/ no wireless
- \* ***WP5C*** - Pkg. Single Entrance, wireless included (2000 ft.)
- \* ***WP5CDE*** - Pkg. Dual Entrance, wireless included (2000 ft.)

\*Probes purchased separately for Basic probe systems. Part #: P500-xx where xx = 50, 125, 250, 500 or 1000.

\*All probes are designed for direct burial beside a 14 foot wide driveway.

\*All components of package systems may be purchased individually.
