TRENDNET®

2-Port USB KVM Switch Kit TK-207K (v1.3R)

- · 2-port KVM switch with VGA and USB connections to computers
- Device monitoring with Auto-Scan and audible feedback
- High quality 2048 x 1536 resolution for a crisp display
- · Support most operating systems and advance mouse designs
- All required cabling included

The 2-Port USB KVM Switch Kit lets you manage two PC's with just one set of keyboard, monitor, and mouse. Switch between two PC's with a simple press of a button! Separate sets of KVM cables are included with the KVM Switch, so users can start controlling 2 PC's instantly. The KVM cables also provide power to the KVM Switch, eliminating the need for a power adapter. Hot Key operations provide immediate access to features such as computer switching, and auto-scanning. With its Hot-Plug, and Audible Feedback, the 2-Port USB KVM Switch is the perfect choice for managing multiple PC's.

- · Control up to 2 computers / servers with one set of console device
- · USB keyboard / mouse emulation with 2 sets of detachable KVM cables
- · Compliant with Windows and Linux
- High video quality: up to 2048 x 1536 VGA resolution
- · Auto-scan and LED display for computer monitoring
- · Keyboard status restored when switching between computers
- · Computer selection by front panel push buttons, keyboard hot key commands or Windows-based client switching software*
- User definable hot key (Windows only)
- USB interface power method
- · Plug & Play and hot-pluggable
- · 2-year limited warranty
