

PMP

Pole Mount Adapter for WMP-S and WMP-L

- Aluminum Alloy Material with Surface Spray Treatment

The PMP is designed to facilitate the mounting of Hikvision PTZ domes, with either WMP-S or WMP-L wall brackets, to poles between 67 and 127mm circumference. The pole must be capable of supporting over 3 times the total weight of the camera and mount. The maximum load capacity of the bracket is 30 kg.

Available Model: PMP
