FullVision[™]
AVAILABLE EARLY 2018

No borders for a FullVision

The FullVision is a border-less fixed frame projection screen that enables the entire surface to be used for projection. Modern and low-profile, FullVision is a great choice for any room where the screen should blend into the environment when not in use and deliver the very best in projection when the projector turns on.

Fully wraps around the frame

Attaches with Velcro®

Features

- Available with HD Progressive screen surfaces
- Low-profile installation of only 1-3/16" deep
- Surface easily attaches to the rear of the screen with Velcro®
- Lightweight aluminum frame features rigid design that will not bend
- Easy and completely flush wall installation using mounting brackets hung on two screws
- Option to hang screen with cables from the ceiling
