

5509112040 | ATUM-24/8-O-STK

**ATUM Semi-flexible Medium-Wall Heat-Shrinkable Tubing kit, 24 mm/8 mm Shrink ratio, 4 ft long, with adhesive inner lining**

- High expansion ratio makes it possible to repair most damaged cable jackets without removing connectors
- Used for back end connector sealing, breakouts and connector-to-cable transitions

## Product Classification

Product Series	ATUM
Product Type	Heat shrink tubing, medium wall
Regional Availability	EMEA

## Body Features

Color	Black
Material	Polyolefin
Sealant	Hotmelt adhesive

## Dimensions

Expanded Inside Diameter, minimum	24.00 mm		0.94 in
Length, minimum	1.22 m		4.00 ft
Recovered Inside Diameter, maximum	8.00 mm		0.31 in
Recovered Wall Thickness, nominal	2.54 mm		0.10 in

## Operation/Application

Environment	Aerial   Ducted
For Use With	Cables and connectors with materials such as plastic, rubber, polyethylene, aluminium, steel and copper

## Packaging Features

Packaging Method	Bag/Carton
Packaging Quantity	1

## Regulatory Compliance/Certifications

<b>Agency</b>	<b>Classification</b>
RoHS 2011/65/EU	Compliant

## \* Footnotes

Recovered Inside Diameter, maximum	After heating
Recovered Wall Thickness, nominal	After heating
