

NetShelter CX

Solutions for Healthcare

A soundproofed server room in a box which allows for IT deployment wherever and whenever it is needed, saving space, cost and deployment time.

How NetShelter CX Helps:

- Minimizes server noise disturbance
- A safe place for on-site storage
- Physical security of critical loads and equipment
- Easily integrated UPS systems
- Shared protected IT space
- Mobile deployments outside the server room or data center

Specific Applications:

- **Electronic Records Migration**

Don't have space for new IT hardware? Deploy the Netshelter CX wherever you need it
Keep the records close – just like the old days, without disturbing the office staff

- **Medical Imaging Servers**

Keep vendor specific IT gear in a trusted location, rather than relying on a shared space
Ensure availability of the servers and storage with an integrated UPS system

- **Leased Space - Medical office building**

Soundproofed to allow you to hear what matters most – your patients
Mobile to keep your IT equipment moving with your practice
Attractive cabinet to blend into your office space
