NEC Display Solutions

NEC InfinityBoard 55", 75" & 86"

Create - Collaborate – Communicate

InfinityBoard
Create-Collaborate-Communicate

Infinite possibilities to facilitate collaboration, drive productivity and keep employees attentive and motivated.

Create

Be creative at the whiteboard with intuitive finger / pen touch and palm erasing, and annotate directly into documents. The infinite canvas allows you to create, annotate and present with the ability to add media panels and import and export content. Even at close proximity, enjoy pixel-free ultra-high definition resolution visual performance.

Collaborate

Supporting screen to screen and room to room collaboration that brings teams together from different locations to create and share content. Wireless presentation and screen to device interaction ensures the InfinityBoard solution remains integral to modern workflows. Enjoy collaborative writing with the ability to import images, videos, PDFs, Office documents and group video using NEC's InfinityBoard.

Communicate

Combining the Huddly camera with 120° viewing angle, high-end speakers and modular slot-in PC with Windows 10 operating system, the InfinityBoard is a highly flexible solution designed to support your company specific conferencing application to facilitate effective face to face interactions.

Meeting rooms are evolving into multi-use spaces. NEC's InfinityBoard is designed to fit your meeting scenario, while perfectly fulfilling your needs for a powerful and scalable workspace.

Presenting, brainstorming, reviewing, video conferencing or collaborating - whatever the objectives of your meeting, the InfinityBoard presents a perfect fit modular solution to achieve your desired meeting room space.

The Solution

Touch UHD display for pixel- free viewing

Slot-In PC for any application needs

Passive pen for natural writing experience

Speakers and Huddly camera for productive videoconferencing

Interactive Whiteboard Application to note down your creative ideas

InfinityBoard
Create-Collaborate-Communicate

Your all-in-one solution for your meeting room
