

INSTALLATION BRACKET FOR NETWORK INTERFACE MODULE

AC1033 | [On-Q](#)

FEATURES & BENEFITS

This reusable bracket is an installers tool that improves productivity of Network Interface Module (AC1012, AC1013, AC1014, AC1015) installations.

The bracket temporarily mounts in the enclosure during installation, stabilizing the bracket and easing strain while terminating cable to the IDC 110 Punchdown blocks on the specified modules.

- Compatible with the AC1012, AC1013, AC1014 and AC1015 Network Interface Modules only
- Creates a stable surface in the enclosure to terminate the punchdown blocks in the module
- Ideal for high volume installations, such as multi-dwelling unit (MDU) projects
- Smooth powder coat finish

SPECIFICATIONS

GENERAL INFO

Cable Type: Cat 5e or Cat 6
