

4" PLASTIC COATED J-HOOK W/ LATCH AND SCREW ON BEAM CLIP 1/2"

CJ64HPACPBC | [Cablofil](#)

FEATURES & BENEFITS

CJHP Series is the widest hook in the industry, exclusive combination of steel and plastic provides cables with a wide smooth surface to pull cables easier and without damage. Integrated plastic cable retainer allows quick and easy cable moves, adds, and changes. Available with or without multiple attachment options.

- Ready to use out of the box, reducing installation time and labor costs.
- 50% wider cable bearing surface
- Steel structure easily supports cables at full capacity
- Wide plastic sheath protects cables and allows for easy cable pulls
- Use for all common low voltage cable, fiber optic and coax cable types
- Available in white, black, blue & red
