

WISeNET X series

Wisenet 5

defining the future

Wisenet X series features the most powerful chipset ever incorporated into a full camera range. Hanwha's self-developed Wisenet 5 chip uses an all-new architecture that enables faster processing. This means the highest quality video performance with essential features suited to a wide range of video surveillance applications.

Best-in-class 150dB WDR ▶ WiseStream II Compression Technology ▶ Advanced Analytics

WISENET X series

Wisenet X series premium line of network cameras feature Hanwha's self-developed proprietary Wisenet 5 chipset. The full line of network cameras and NVRs make Wisenet X ideal for virtually any security and surveillance application.

Superb Features with Hanwha's Core Technology

- 5MP@30 fps, 2MP@60 fps
- WDR - up to 150dB* @ 2MP / 120dB @ 5MP
- Low light noise reduction technology
- WiseStream II
- USB port
- Dual SD card slot
- Sound classification
- Enhanced video analytics
- Fog detection
- PTZ hand-over
- Highlight compensation (HLC)
- High power IR LEDs

*Does not apply to all models

Complete Line-up of Indoor and Outdoor Cameras

Wisenet X series cameras are available in a wide range of form factors including indoor dome, outdoor vandal dome, box, bullet style and stainless steel.

	BOX	BULLET	INDOOR DOME	OUTDOOR VANDAL DOME	PTZ	FISHEYE

Best-in-Class 150dB Wide Dynamic Range (WDR)

Conventional WDR captures images by taking 2 frames taken at different exposures, whereas Wisenet X series cameras utilize 4 frame capture at different exposure levels to create a combined image. With the development of cutting-edge WDR technology, Wisenet X series cameras address a limitation found in conventional WDR cameras while producing clear and vivid images.

Please check camera specification

Monitor Color Images Even in Low-Light Environments

With the new, powerful Wisenet 5 chipset and processing technology, combined with Hanwha Techwin's outstanding lens technology, Wisenet X series achieves optimal performance in low-light conditions by capturing and producing crystal-clear images including true-color images without IR LEDs, regardless of the environment or time of day.

Improved Digital Image Stabilization (DIS) with Gyro Sensor

Advances in Hanwha's image stabilization technology allow for the reduction of motion blur caused by wind or vibration. A gyroscopic sensor plus DIS technology is specifically designed and engineered into select Wisenet X series cameras resulting in sharp, stable images.

Conventional camera

Actual footage from Wisenet X series camera

※ XNB-8000/6000 supported
Equipped only on certain models

Advanced Compression with WiseStreamII

Using WiseStream II, Hanwha Techwin's video compression technology, Wisenet X series reduces data by up to 99% compared to the previous version of WiseStream when combined with H.265 compression. The costs of configuring and maintaining the system are also greatly reduced, while still maintaining the same pixels and high quality.

WiseStream II off

WiseStream II on

More Convenient Installation with USB

Using a compatible USB adapter and the free Wisenet Installation app on a mobile device, adjusting the camera angle and focus is simpler. Additional devices are not required for installation, reducing installation time and costs.

Dual SD Card Slots

Dual SD card slots support up to 512 GB of storage at the edge, preserving stored data in the event of an unstable network connection.

※ Equipped only on certain models

Minimize Lens Distortion

Lens distortion typically causes the straight lines near the edge to curve outwards from the center of the image. With Lens Distortion Correction technology integrated into the Wisenet X series, image imperfections can be easily corrected.

Enhanced Video Analytics and Sound Classification

Wisenet X series features a variety of new, exclusive video and audio analytics, providing enhanced monitoring solutions and market intelligence.

Behavior Analytics	Appear, disappear, loitering, intrusion
Passing	Virtual line, enter/exit
Image Quality Enhancement	Defocus detection, fog detection
Detection	Motion detection, tampering, face detection, audio detection, shock detection
Statistics for Market Intelligence	Heat map, people counting, queue management, audio playback on event [X Plus] [Fixed lens camera models only]
Audio Analytics Sound Classification	Explosion  Glass breakage  Gun shot  Scream 

Fog Detection

Wisenet X series delivers outstanding image quality in foggy weather conditions with the fog detection feature. Images covered by fog are automatically fine-tuned with the defog feature to provide crystal clear images.

PTZ Hand-Over

Hanwha's unique PTZ hand-over feature allows a PTZ camera to receive alarm notifications (motion detection) from other Wisenet X series cameras connected to the same IP video surveillance system. Once the notification is received, the PTZ camera will move to the assigned preset camera location. The hand-over feature enhances the surveillance system efficiency by reducing reliability on the system operator to track events while maximizing the likelihood of capturing and recording critical events for areas under surveillance.

Highlight Compensation (HLC)

Camera detects areas of an image that are overexposed and reduces the brightness of these areas, improving the overall quality and usability of the image.

Powerful IR LEDs

Conventional IR illumination provides intense light at the center of an image, degrading quickly as it moves away from the center. Wisenet X series cameras use powerful Surface Mount Technology (SMT) IR LEDs that provide a wide angle of uniform IR light across a scene for a wider image capture area.

Defocus Detection

If a camera goes out of focus, an alarm notification will be sent to users, allowing them to adjust camera focus. Vari-focal models can automatically refocus or the user can manually initiate a simple focus via the network.

People Counting & Heatmap Function

Our Wisenet X Plus and fixed lens cameras support license-free people counting business analytics. This feature supports data search, report and graph functions.

Sound Classification

Wisenet X series camera help user respond immediately in case of situation in danger, so that can classify sound such as gunshot, glass breakage, scream and explosion.

Gunshot

Glass breakage

Scream

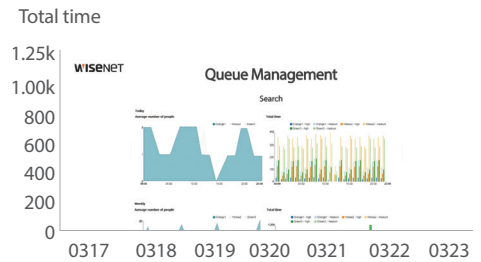

Explosion

Queue Line Management

Provides statistical analysis and measurement for average dwell time and number of people in queues. This insight is critical for business to manage their operations more efficiently, while providing the insight necessary to manage campaigns, displays and promotions throughout retail locations.

Orange1-high Orange1-medium Yellow2-high
Yellow2-medium Green3-high Green3-medium

Fixed Lens Coverage

The 2.4mm fixed focal lens in the Wisenet X series provides a wider area of coverage compared with the 2.8mm lens in our Wisenet III camera line. This results in an effective increase of $\sim 27^\circ$ in horizontal viewing angle.

WISeNET X PLUS

2MP/5MP NW Modular Camera

Wisenet X series Plus cameras combine the power of Hanwha's Wisenet 5 chipset with an innovative modular design that lowers overall cost of installation, configuration, and maintenance while increasing the performance, feature-set, and survivability of our X series product line.

Innovative Modular Design

Mounting Plate

Can be installed on site without other camera parts

Camera Case

Vandal Resistant Housing

Camera Module

This magnetically mounted 2 or 5 megapixel camera module can be installed without extra tools or hardware

Dome Cover

Polycarbonate dome cover

Paintable Ivory Skin Cover Included

Can be painted to blend into your environment

Easy Installation with Modular Structure and Motorized PTRZ

When combined, the unique modular design of the Wisenet X series Plus camera and motorized PTRZ camera module make on-site installation simple and pain free.*

Additionally, the product package has been reformulated to allow technicians quick access to the camera's network port for easy staging of product, saving time (and money) during installation and maintenance.

*Varies by model

Installer friendly package allows access to a camera's network port while still in the box.

Extended Tilt Range for Greater Flexibility

Extended tilt angle has been added for greater flexibility in placement and use cases of Wisenet X Plus cameras.

Advanced DIS and Shock Detection with Built-in Gyro Sensors

Wisenet X Plus cameras have built-in gyro sensors to enable advanced DIS with reduced motion blur and shock detection which detects when the camera is hit.

High Reliability in Challenging Environments

One of the most important features of a security camera is reliability in challenging environments. Wisenet X PLUS cameras offer high reliability by providing resistance to weather and impact with IP67, IP66, IP6K9K, IK10+ ratings, and NEMA 4X rating.

Audio Playback on Event

Wisenet X series Plus cameras allow system operators to communicate with the public by using audio playback as a response to user-defined events.

Pan / Tilt / Rotate	±175° / 0~85° / ±175°			
Day & Night	True (ICR)			
Backlight Compensation	WDR (150dB)			
Digital Noise Reduction	SSNRV (2D+3D Noise filter)			
Digital Image Stabilization	Support (Built in Gyro sensor)			
Video & Audio Analytics	Tampering, Loitering, Directional detection, Fog detection, Virtual line, Enter/Exit, (Dis)Appear, Audio detection, Face detection, Motion detection, Sound classification, Shock detection, Heatmap, People counting, Queue management, Audio Playback on event			
Protocol	ONVIF profile S/G, SUNAPI			
	1/1			
Audio	Bi-Directional			
Edge Storage	SD/SDHC/SDXC, NAS, Local PC			
Environment Protection	IP52, IK10	IP52, Plenum rated (UL2820)		IP67, IP66, IP6K9K, NEMA 4X, IK10+
Operating Temperature	-25°C ~ +60°C (-13°F ~ +140°F)		-50°C ~ +60°C (-58°F ~ +140°F) *Start up above -35°C (-31°F)	
Power	Max. 8.5W (12V DC) Max. 10W (PoE)		Max. 11W (24V AC) Max. 9.5W (12V DC) Max. 11W (PoE)	
Dimensions (WxHxD) / Weight	Ø160 x 125mm (6.30" x 4.92") 1.45Kg (3.2 lb)	Ø205 x 155mm (8.07" x 6.10") 1.85Kg (4.08 lb)		Ø180 x 125mm (7.09" x 4.92") 1.75kg (3.86 lb)
Additional Features	Motorized Pan / Tilt / Rotate, Modular design
