

Buried Service Wire Splice Kit with Split Bolt 3832

CORNING

**Part Number:
80610090203**

The 3832 buried service wire splice kit will accommodate inline and butt splices of up to six-pair filled or unfilled service wire. One "A" size bag of 4403 encapsulant and a split bolt are provided with the kit. Once the compound has been poured, an outer tube is rotated over the barrel opening to seal the unit, requiring no waiting for the compound to cure before the kit is buried.

Buried Service Wire Splice Kit with Split Bolt 3832
