

19" Consolidation Point Housing 19" Consolidation Point Housing

CORNING

Part Number:
WAXWSW-00008-C013

The LANscape® 19-in consolidation point housing is universally applicable for ceiling, wall, false floor or desk mounting. This concept permits a free user-specific configuration of building, floor and office distributors.

Features and Benefits

Full metal housing for LANscape® and FutureCom F patch panels

Standard-compatible according to ISO/IEC 11801 Ed.2.2 (2009) and EN 50173-1 (2009)

Easy installation for a distribution or consolidation point

Consolidation Point Housing is suitable for ceiling, wall, false floor or desk assembly

Individual strain relief for the incoming and outgoing cable sections via cable ties

Dust-proof feedthrough for incoming cable

Easy plug-in of consolidation point cable (dust protection and mechanical protection)

Housing base electrically conductive for optimal shielding transition or grounding

Installation height of 60 mm

Housing is fastened using special non-detachable screws

Black sheet steel housing top, RAL 9005
