

36-Device AC Charging Station Cart for Chromebooks and Laptops, Schuko, 230V - 3 m Cord

MODEL NUMBER: CSCXS36AC

Keep up to 36 Chromebooks and laptops secure, charged and ready to use.

Features

Charges 36 Chromebooks and Laptops Up to 38.1 cm (15 inches) 36 Schuko outlets provide convenient charging for Chromebooks and laptops with a screen size up to 38.1 cm. This 230V charging station cart also charges tablets and other USB devices through their power adapters. A built-in circuit breaker protects against overloads. A 3 m AC input cord with a Schuko plug reaches distant outlets.

Locking Steel Enclosure Keeps Equipment Safe and Secure This locking charging station promotes comprehensive device protection with steel construction and a black powder-coated finish for long-term durability. The front and rear compartments lock with the included keys to help prevent device theft, damage or tampering. For extra security, the front door can be fastened with a user-supplied padlock. Flow-through ventilation helps protect against overheating, and the specially coated shelves help prevent device scratches and scuffs.

Simple Mobility Transport devices from room to room easily with the help of locking swivel casters. The non-marking wheels provide a smooth, even ride, and a reversible wide-grip handle assists with cart control. Corner safety bumpers protect walls and doorways from scratches.

Laminated Wood-Grain Top Serves as a Workstation This charging station features a laminated wood-grain top that serves as a smooth writing surface and can also hold a projector and other devices. You can also mount a television display on your charging station with Tripp Lite's CSC36DM optional display mount adapter kit.

Clutter-Reducing Organization Heavy power adapters store out of the way in removable rear baskets. Cables and connectors run through shelf slots and an overhead cable manager, keeping them organized and out of the way. Adjustable dividers accommodate up to 12 devices per shelf, and device spaces are numbered for easy identification. A power cord wrap keeps the input cord out of the way when moving the charging station.

2-Year Limited Warranty This charging station cart is backed by Tripp Lite's 2-year limited warranty.

Highlights

- Charges 36 Chromebooks and laptops with screen sizes up to 38.1 cm (15 inches)
- Heavy-duty steel construction and locking mechanism keeps equipment secure
- Handle and swivel casters help you safely move connected devices from room to room
