

DataComm Electronics' 2-Gang Split Plate with Flexible Opening is used to install low voltage cables behind your HDTV, amplifier or other audio video devices. The Split Plate is designed to be installed onto a low voltage mounting bracket (sold separately) that is installed into the wall.

Features

- Virtually seamless design
- Flexible opening helps keep low-voltage pass-through area covered
- Conceal multiple low voltage cables behind your flat panel TV
- Easily holds up to 12 cables
- Available in 4 colors: black, ivory, lite almond, and white
- Mounts to a standard low voltage mounting bracket

Part Number	Color	Min. Order/Master Ctn.
