What this product does:

Wireless Touchscreen Keypad for use with GC2e
Remote access to all controls without the need to return to the main panel
With wireless connectivity to the main panel, you can place your TS2 in any location for convenience of access.
Optional desktop stand (2GIG-TS1-Desk) offers the convenience from a non-mounted location
Direct replacement of TS1 Wireless Touchscreen Keypad

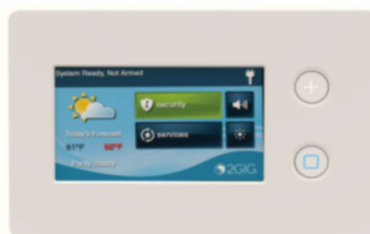

Features and Benefits:

- Full color touchscreen interface for easy navigation and clear viewing
- One-button to navigation to Home & Emergency for faster access
- Flawless bi-directional communication for seamless connection to the main panel
- Remote Z-Wave functionality with access to all Z-Wave connected devices
- Updated design matching that of GC2e more in line with today's home styling
- GC2 Interface providing user familiarity for low learning curve and instant use
- Firmware upgradeable via current applicable methods on GC2e (OTA, Easy Upgrader Tool, UPCBL2)
- Audible annunciation of all system status, chimes and alerts
- Panel and button dimming for peaceful unobtrusive stayby mode including simple touch wake-up functionality
- 1 Year warranty
