

Poly Voyager Focus B825 UC Headset

You're not just on the call. You're in it

Make it your business to hear and be heard with the Voyager Focus UC stereo Bluetooth® headset. Move fluidly between PC and smartphone and between work and entertainment with rich, immersive stereo sound and active noise canceling designed to keep your focus on work, not on the chaos around you.

Work the way you want

With seamless connectivity to your PC or smartphone and up to 98 feet of wireless range, enjoy mobility without sacrificing audio quality. And with advanced noise cancellation, sophisticated mute controls, and immersive stereo sound, the focus is always on great audio, not background noise. It's freedom, with no loss of fidelity.

Connect to calls. Disconnect from distractions

Amp up your performance and keep distractions to a minimum with three precision-tuned mics and a clever mute system. Your callers will hear only you, and with on-demand active noise cancelling (ANC) you can focus on the person you're calling. High-quality, dual-ear design provides hi-fi stereo sound and a more immersive experience to enable focus in open work environments.

Lightweight, comfortable design

Enjoy super soft and cooling, leatherette ear cushions, wrapped around pillow-plush memory foam. The cushioned metal headband provides durability while maintaining a comfortable and secure fit. Easily take the headset on the go with folding leatherette ear cushions and included carrying case.

Connect with ease

Premium wireless stereo headset works seamlessly across multiple applications on desktops, Bluetooth®-enabled desk phones, laptops, mobile phones and tablets.

Smart sensor technology

Smart sensors know when the headset is on or off; calls can be easily answered by simply putting on the headset; pause music for incoming calls, or mute a call by taking the headset off.

Focus on work-not the chaos around you

Shut the world out with on-demand active noise cancelation (ANC) that reduces distracting background sound in noisy environments so you can focus on your call or work.

Outstanding audio quality

With three precisely tuned microphones and enhanced noise cancelling, optimize your voice and minimize noise caused by wind, movement, and background sounds so your caller hears you, not your surroundings.

Poly Voyager Focus B825 UC Headset

Specifications

Connectivity and communications

Wireless range: Up to 30 m
Paired devices: Up to 8
Bluetooth version: 4.1
Supported bluetooth profiles: HSP; HFP; A2DP
Connection type: Bluetooth®; USB Type-A
Ear cushions: Artificial leather (surface material)
Headphone type: On-ear (stereo)
Voice assistant: Siri; Google
Voice alerts: Volume maximum; Volume minimum; Mute on; Mute off; Muted; Connection status; Talk time; Battery low

User interface features

Button user controls: Call answer/end; Mute; Volume +/-; ANC on/off; Track forward/back

Audio

Audio features:
Smart sensor technology
Active noise cancellation (ANC)
Hi-Fi stereo
Microphone type: MEMS & ECM
Speaker bandwidth: 20 Hz to 20 kHz (media mode)
Speaker size: 32 mm
Charge time: <2 hours
Frequency response (microphone): 100 Hz to 6.7 kHz

Battery

Battery life: Up to 12 hours (talk time, ANC off); Up to 10 hours (talk time, ANC on); Up to 15 hours (music time, ANC off); Up to 12 hours (music time, ANC on)
Battery capacity: 325 mAh

Certifications

Certified collaboration software: Skype for Business; Microsoft Teams

Environmental

Acoustic protection technology: SoundGuard Digital^{1,2}

Applications supported

Management software:
Poly Lens

Minimum system requirements

USB Type-A port; Bluetooth®

Weight and dimensions

Product Primary Color: Black
Weight (metric): 155 g
Product Dimensions (metric): 183 x 160 x 70 mm
Package dimensions (metric): 186 x 210 x 116 mm
Package Weight (metric): 678.7 g
Product number: 7F0J1AA

Warranty

Poly standard two-year limited warranty

What is in the box

Micro USB charging cable
Travel pouch
Wireless headset
BT700 Bluetooth® USB adapter

Technical Specifications Footnotes

¹ SoundGuard Digital Plantronics owns sophisticated algorithms including: Protects against Acoustic Shock by limiting sounds to below 118 dBA; G616 anti-startle protection that limits the noise level to below 102 dB SPL and is therefore compliant to the ² Requires Poly Lens Desktop App to enable SoundGuard Digital features.
